Key Insights & Recommendations

STRATEGIC TAKEAWAYS FROM Q1 2016

01 Sports is the most watched

SuperSport Live Events and ICC Cricket World Cup together command 28% of all sessions, making live sports the single largest content category on the platform.

02 Male-Dominated Audience

81% of sessions are male-driven. Female engagement at just 9% presents a significant growth opportunity for targeted content acquisition and marketing.

03 Gauteng takes over viewership

Gauteng accounts for 34% of all sessions, followed by Western Cape at 17%. A Gauteng-first targeting strategy will capture the majority of high-value viewers.

04 Peak: Fri–Sat Evenings

Friday and Saturday are the top viewing days. Afternoon and evening slots combined account for 65% of sessions — prime scheduling windows for premium content.

05 Strong Q1 Growth

Sessions more than doubled from January (2,199) to March (4,816), an 119% uplift. This momentum signals strong audience adoption and retention heading into Q2.

06 Adult Core Audience

Adults (25–44) represent 63% of classified sessions. Combined with Young Adults, the 18–44 bracket is 77% — ideal for premium subscription and ad-targeting strategies.
